Charlie is the only candidate campaigning hard for the Oxford-Witney-Carterton rail line, and now that Conservative candidate Robert Courts has come out in opposition, only by Charlie winning in the next election can the project succeed. //

Charlie understands that safety on the A420 is a priority for our residents. He is already working with me to make sure we improve safety for all road users. //

I'll be voting for Charlie because he genuinely cares for and better represents the people of Witney. He has integrity, a good track record and I trust him to bring about change for the better of all. //

The fresh voice we need as our new MP

It's a clear choice for people across our community at the next election:

LIBERAL DEMOCRAT CHARLIE MAYNARD

OR

MORE LOCAL TORY FAILURE

- ✓ Successful track record, both in working for local residents and in business
- ✓ Demanding action to improve local health services
- ✓ Standing up for those struggling with the cost of living

- ✗ Taking our area for granted. Failing to deliver for Witney residents
- ✗ Have no plan to tackle the crisis in our NHS, and have let waiting times get out of control
- ✗ Have failed to provide the support people need to cope with the rising cost of living

CHARLIE MAYNARD

Campaigning on the issues that matter to people across our community...

COST OF LIVING

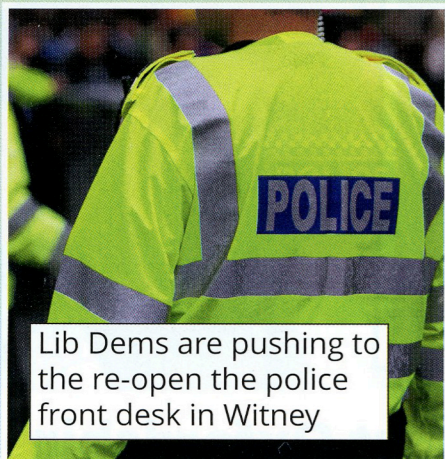

Tackling the cost of living crisis is a top priority for Charlie as more and more residents are feeling the pinch.

Charlie was previously a volunteer and is now a trustee at a large local charity which advises people in need on how to help themselves. Our government wastes vast amounts of money on failing to send refugees to Rwanda and dodgy PPE contracts. This money could be much better spent by helping local residents truly in need.

Charlie is committed to supporting local people affected by rising prices

LOCAL CRIME

Lib Dems are pushing to re-open the police front desk in Witney

There is not a single police front desk in the entire constituency, leaving residents with nowhere to discuss issues face to face. The Lib Dems have been successful at re-opening front desks around the country, and are campaigning to re-open the police front desk in Witney.

STOP SEWAGE

Charlie is campaigning to change the law so we can crack down on water companies

Charlie has successfully worked with councillor colleagues to change planning rules so the capacity of treatment works must be increased as more houses are built. Charlie is campaigning to stop residents being forced to pay for the mistakes of greedy shareholders.

HEALTH SERVICES

7.5m are on a waiting list nationally and our local situation is dire.

Our constituency has some of the longest waits for GP appointments across Oxfordshire and Carterton has just 1.5 NHS dentists for nearly 20,000 people and waiting times of six months.

We need better health services and more support for our hardworking NHS staff, including a Carer's Minimum Wage to tackle staff shortages. We need better social care, which the Tories have ducked reforming for 13 years. Our elderly do not deserve this.

Charlie is campaigning to protect our local NHS services

GREEN SPACES

The Lib Dems have cut the Tories' ludicrously high housing targets by nearly half, thereby making the area safer from speculative developers and **stopping the ridiculous Conservative plans to build without infrastructure.**

The Lib Dems are working hard to protect our area precious countryside.

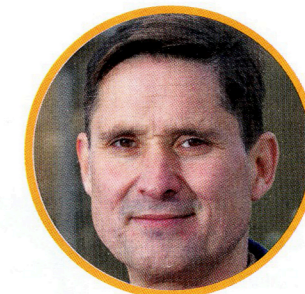

Charlie says...

I loved starting and building a successful business and I now love being a councillor, as it allows me to work with local people to find solutions.

The Conservatives have let our country down in so many ways over the last 13 years.

I'm standing to be your next MP to give everyone a viable, positive alternative to the Conservatives in this constituency. I bring ideas, energy and drive. I believe in working with everyone, of all political persuasions, for the common good and I have a track record of delivering results. The Lib Dems are the clear challengers in the Witney constituency.
