Donkey Derby & Fete

at Sandfords Field
August Bank Holiday Monday
2.00pm Start

Have a great time this afternoon.

Once again this year we have decided to give you even more in your Donkey Derby Programme and hopefully give you some enjoyment at the same time.

BRAINTEASER NUMBER 1

There are no tricks - this is a straight forward problem. This is supposed to be one of the questions which potential Microsoft employees are asked.

Pop Group U2 have a concert that starts in 17 minutes and they must all cross a bridge to get there. All four men begin on the same side of the bridge. You must help them across to the other side. It is night. There is one flashlight.

A maximum of two people can cross at one time. Any party that crosses the bridge, either 1 or 2 people, must have the flashlight with them. The flashlight must be carried back and forth, it cannot be thrown, etc. Each band member walks at a different speed. A pair must walk together at the rate of the slower man's pace:

* Bono: - 1 minute to cross

* Edge: - 2 minutes to cross

* Adam: - 5 minutes to cross

* Larry: - 10 minutes to cross

For example: if Bono and Larry walk across first, 10 minutes have elapsed by the time they get to the other side of the bridge. If Larry then returns with the flashlight, a total of 20 minutes have passed and you have failed the mission.

There is no trick to this. It is a simple movement of resources in the appropriate order. There are two known answers to this problem. Microsoft expects you to answer this question in under 5 minutes! OK - a few clues.

2 people cross, 1 goes back, 2 people cross, 1 goes back, 2 people cross

There are no tricks of people being carried on someone else's back, etc.

OK, which people cross at which time still has to be worked out. There's only 17 mins.

Larry takes 10 mins, Adam 5. You can't allow them to cross separately, since that would be 15 mins, and you'll never solve the puzzle. So they cross together. Which takes 10 mins. You can't allow either of them to make the return trip with the flashlight either, can you? Since they would still have to get back across again. That would take too long.

BRAINTEASER NUMBER 2

This quiz is supposed to have been written by Einstein. He said that 98% of the people in the world cannot solve the quiz. Could you be among the other 2%?

- There are 5 houses, each is a different colour
- In each house lives a person of a different nationality.
- These 5 owners all drink a certain beverage, smoke a certain brand of cigar and keep a certain pet.
- No owner has the same pet, smokes the same brand of cigar or drinks the same drink as another owner.

- 1: The Briton lives in a red house.
- 2: The Swede keeps dogs as pets
- 3: The Dane drinks tea
- 4: The green house is on the left of the white house (they are also next door to each other)
- 5: The green house owner drinks coffee
- 6: The person who smokes Pall Mall rears birds
- 7: The owner of the yellow house smokes Dunhill
- 8: The man living in the house right in the center drinks milk
- 9: The Norwegian lives in the first house
- 10: The man who smokes Blend lives next to the one who keeps cats
- 11: The man who keeps horses lives next to the man who smokes Dunhill
- 12: The owner who smokes Blue Master drinks beer
- 13: The German smokes Prince
- 14: The Norwegian lives next to the blue house
- 15: The man who smokes Blend has a neighbor who drinks water.

The question is: WHO KEEPS FISH?

Larry and Adam cross - 10 minutes

Edge returns with the light - 2 minutes

Bono and Edge cross the bridge - 2 minutes.

Total 17 minutes!!

The second solution is trivial, and involves swapping steps 2 and 4.

DONKEY DERBY 2004

On behalf of the SPAJERS, I would like to welcome you our Donkey Derby.

Many people are intrigued by our name, it stands for the Society for the Preservation of Ancient Junketing ! It is an organisation devoted entirely to the Senior Citizens of Bampton, it provides all of them with a monetary Christmas present and usually, an outing in the Summer, this year to Poole in Dorset.

Our Motto is "Dynamic Yet Disciplined" so I hope you will be suitably impressed by all our members and helpers that are manning the stalls and trying to help us raise lots of money for what we feel is a good cause.

I hope that you will enjoy your day with us and maybe win lots of prizes, if not a fortune on the Tote.

Best wishes to you all
