Dear Sir/Madam,

These negatives turned up amongst my late mother's papers and I thought they might be of interest to the archive, though I am afraid they are rather battered.. My grandparents lived in Bampton from 1930s to 70s, first at Grayshott then at Gate Cottage. My grandfather, Anthony Hampton (pen name Jason Hill) 'collected' many local reminiscences, field names, traditional songs etc so I expect these photos were his. I remember visiting as a child in the 1950/60s and particularly liking the Bank Holidays when the Morris Dancers (with Frances Shergold?) or Mummers were performing.

I would like to see your collection and will try and call in if I am in the area.

I hope these are of use to you but do bin them if not.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Lucinda Leech', written in a cursive style.
