

TED FENTON

A strong voice for Bampton, Clanfield & Black Bourton

I have lived in West Oxfordshire since I came to work at Cokethorpe School in 1985 and I have served as your District Councillor for the last eight years.

I am asking for your vote to be able to continue the work I do for you for another four years. I also serve as the County Councillor for this area and I believe that gives me the ability to help with most of the problems residents bring to me rather than fob them off to someone else.

Having retired from Cokethorpe during the pandemic I am now able to devote a great

deal of time to our community and I try to do just that. I believe village life is very important and under threat of disappearing. If re-elected I will continue to work hard to represent this community and the interests of residents of West Oxfordshire; to continue to stand up for the villages and hamlets when so much seems to be centered on towns and the City and to be a moderate voice of Common Sense.

Please support me with your vote on Thursday 4th May.

On Thursday 4th May use your vote for Ted Fenton to continue getting things done.

1

Listening to residents

As your District Councillor I will be accessible to you all year round and will work with local organisations and Parish Councils to make our community an even better place to live and work.

2

Better local services

We need the local council to go back to focusing on improving the services we all pay for. I want the council to keep your council tax low and making sure it's spent on services and not on pet projects.

3

Beat the coalition of chaos

We cannot afford to continue with the current coalition in place. They've shown they do not listen to you and are only interested in being in power. You deserve better than this.

West Oxfordshire District Council Election on Thursday 4th May

RE-ELECT

TED FENTON

INSIDE OUR 6 POINT PLAN FOR WEST OXFORDSHIRE

How your vote can make a difference in Bampton, Clanfield & Black Bourton

Listen to residents all year round

Focus on improving services not wasting your money on pet projects

Bring Common Sense instead of the Lib Dem/Labour/Green coalition's chaos

Vote Conservative

Promoted by Emma Leeming, on behalf of Ted Fenton, both of Waterloo House, 58-60 High Street, Witney, OX28 6HJ. Printed by Paragon CC, Cheltenham Trade Park, Cheltenham, Gloucestershire, GL51 8LZ.

Dear Resident,

The local elections in May mean that you have the opportunity to decide who runs your local services and your council: a Conservative team or the chaotic coalition made up of the Lib Dems, Labour and Greens.

Your local Conservative team are campaigning on important local issues as we continue to work hard to return a Conservative-run District Council rather than the coalition who ignore your views, raise council tax and then waste this money on pet projects.

Last year's election in Bampton was very close and the Lib Dem candidate won with a slender majority.

I work hard as a local Councillor from the obvious such as reporting potholes, uncollected bins and other service failures to making sure my attendance record at the council is excellent. I am available to residents and spend a great deal of time working with individuals helping with their problems as far as I am able.

If re-elected I will strive to protect our services, protect free parking and I will make sure you have your say on important local issues.

Please support me with your vote on Thursday 4th May.

Ted Fenton

District Council candidate for Bampton, Clanfield & Black Bourton

Our Plan for West Oxfordshire

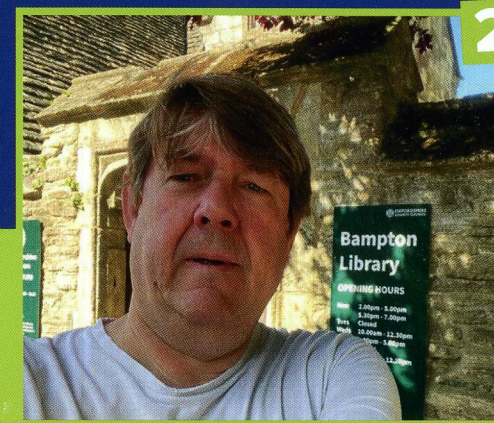

1

A COMMON SENSE COUNCIL

The Lib Dem/Labour/Green coalition councils are wasting tax payers money on pet projects. We will bring back common sense and focus on improving services.

IMPROVE COMMUNITY & LEISURE FACILITIES

Protect grant funding to ensure organisations that are working hard to improve our local communities have access to more funding opportunities.

2

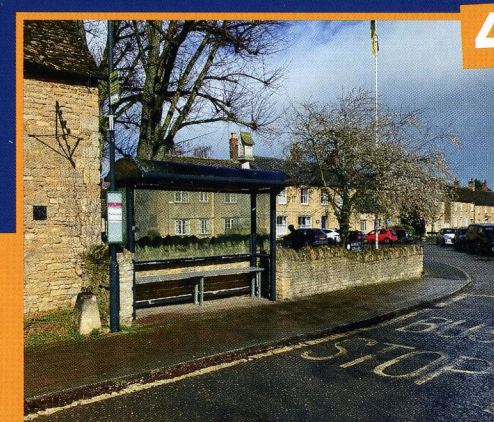

3

CONTINUE TO CAMPAIGN TO PROTECT LOCAL RIVERS

Improving our local rivers and streams is something we are all passionate about and the dumping of sewage by Thames Water is not acceptable.

CHAMPION RURAL TRANSPORT

Work with key local organisations to help improve rural connectivity and support more investment in foot and cycleways.

4

5

INFRASTRUCTURE WITH DEVELOPMENT

Make sure developers fund infrastructure upgrades for new homes built to include our local roads, schools, doctor surgeries, sewage works and transport links.

BE ACCESSIBLE TO YOU ALL YEAR ROUND

We will make sure we keep in contact with you all year round and not just at election time.
