No, There's Nothing in My Bag Today

Yes I played the whole day through and made out for myself just what to do. My bear was set the scene and stay nearby to help me when I really try. They are there to pose the problems and to help me think. I know they will keep me floating and never let me sink. All this is in my head and not in my bag today!

I've learnt about a wall and a worm, remembered how to take my turn. I heard a friend when they were stuck, learnt that water runs right. Locked at words from left to right, agreed to offer, not to be please don't say "Did you only play today?" You see I'm working as I play. I learn to listen, and speak to put my thoughts into a phrase. To guide a dragon through a maze, to find my name and to please don't say "What nothing in your bag today?"
