Hello Nick

✓ I enclose the photograph
✓ it was with a batch of
portraits (mixed) so I'm not
sure if any of the people linked
to the house - no identifying
details.

It's good that the photograph
goes 'home'. I've done this
with a few of the old
photographs from the various
collections that I have. Some
photographs I've given to museums.
✓ all part of the exploration
of old photographs.
